BNA VISION

By 2035, the population of the Greater Nashville Area is expected to surpass 2.5 million people, and **BNA passenger traffic will grow from 13 million today to more than 20 million.** BNA Vision is a comprehensive plan designed to enable the airport to meet the needs of this record-setting growth and maintain the customer-friendly character unique to our region. Responding to the need for additional parking, the Parking & Transportation Center is part of the plan to accommodate this growth at BNA.

PARKING & TRANSPORTATION CENTER

- 6 levels
- 2,000 spaces
- First floor to be a Ground Transportation Center for commercial vehicles
- Parking Space Guidance System
- Capacity for 20,000 gallons of rain water harvesting for landscape irrigation
- Green-screen vegetation wall
- 50-kilowatt solar array on top level
- Design by Akins and construction by JE Dunn Construction
- Parking & Transportation Center to open Summer 2018
