

Terminal Lobby Renovation and International Arrivals Facility

BNA VISION

By 2041, the population of the Greater Nashville Area is expected to surpass 2.5 million people, and BNA passenger traffic will grow from 15 million today to more than 23 million. BNA Vision is the airport's comprehensive plan to meet the needs of this record-setting growth and maintain the customer-friendly character unique to Nashville and our region.

The terminal lobby and International Arrivals Facility (IAF) project is key to connecting Nashville to even more destinations around the world. It will provide travelers an expanded and visually engaging central terminal as well as a state-of-the-art IAF.

New BNA entrance, as it will appear in 2023, with roof canopy as seen from Departures level.

TERMINAL LOBBY & INTERNATIONAL ARRIVALS FACILITY (IAF)

- 440,000-square-foot project, including terminal lobby, renovations to existing central terminal space and addition of a state-of-the-art International Arrivals Facility (IAF)
- Addition of sweeping roof canopy
- Expanded security checkpoint with up to 24 screening lanes
- New central marketplace
- Compelling views of the airfield
- New International Arrivals Facility (IAF) will expand BNA's capacity to accommodate international travel

- The expanded and upgraded IAF will include:
 - 6 international gates to accommodate rising demand for international service, and attract new service to and from Europe, Asia, Latin America and more
 - New Customs and Border Protection (CBP) area
- Recommended for design-build contract award: Hensel Phelps/Fentress Team

PROJECT TIMELINE

- Anticipated contract award: Nov. 14, 2018
- Design begins November 2018
- Construction begins late 2019
- Project completed by late 2023
